Love Go On

(Tony Arata, Pete Wasner)

I was there to witness all the lonely
When she said “Good-bye”
Yeah, now I re-live the moment
Every single time I close my eyes
Ain’t seen nothing in my life so strong
Love go on

I can hear her singing
Like she never left me here at all
You know it whispers in the evening
When I listen to that highway call
Sounding like a never-ending song
Love go on

There’s just some things in this old world
That ain’t forever
You know they never seem to last that long
But one ain’t ever over
Love go on
Love go on

Always right there at my fingertips
Always bittersweet upon my lips
Always never gone
Love go on
Love go on
