## NIGHT BY NIGHT

That devil of a sun comes up  
The cold hammer comes down  
And I stumble down a road so rough  
But I'm holding my ground

Day by day  
I survive  
Oh, but I fly  
Night by night by night

Trouble runnin' deep as a river  
Pray they'll roll on by  
Evenin' comes and I'll be delivered  
To that sweeter side

Day by day  
I survive  
Oh, but I fly  
Night by night by night

Night by night

Trouble runnin' deep as a river  
Pray they'll roll on by  
Evenin' comes and I'll be delivered  
To that sweeter side

Day by day  
I survive  
Oh, but I fly  
Night by night by night  
Night by night by night  
Night, night by night

*Written right after we moved to Nashville back in 1986. I was loading trucks at United Parcel Service and had the music business right where I wanted it. It has been an old friend, night after night. Debbie Nims-Allen sings like I'd like to if I only could.*
